
PROJECT NAME:

University Hospital of North Midlands NHS Trust

LOCATION:

Royal Stoke Hospital University Hospital

M&E ORDER VALUE:

Various

CONTRACTOR:

Sodexo Facilities Management

Dodd Group has been engaged in various electrical projects within a live hospital over many years throughout the site, working in partnership with Sodexo Facilities Management.

Recently completed works involved the formation of an additional PFI beds project which under a scheduled programme were delivered on time.

Works involved creating new wards and refurbishing existing with new lighting, emergency lighting, general power and new IPS/UPS system and Earth Reference Box Systems to the Critical Care Ward.
