

Dodd Group is passionate about giving back to the communities in which we live and work. Each year a local charity close to the hearts of our employees is selected by our fundraising committee, comprising staff from different departments within the business. For 2020, Dodd Group's Head Office and Midlands Projects teams have nominated Severn Hospice as their regional charity partner.

Severn Hospice provides specialist care and emotional support for families in Shropshire, Telford & Wrekin and Mid Wales living with an incurable illness. Last year they were able to help 2,908 families. Their care is provided for free, but it is not without cost - they have to raise £2 for every £3 they spend.

Over the course of the next year our staff will be holding a series of events, from cake bakes to physical challenges, to raise as much money as possible for Severn Hospice and we would be most grateful for your contributions.

To launch our fundraising drive for Severn Hospice we recently held cake sales on our Birmingham city centre site at Arena Central and in our head office in Telford. Our staff were very generous in baking and donating some delicious creations. Please visit <https://www.justgiving.com/fundraising/dodd-group-midlands> to help us support this great cause.
