
PROJECT NAME:

RAF Lakenheath, New 144 Bed Single Living Accommodation Building

LOCATION:

RAF Lakenheath

M&E ORDER VALUE:

£5 Million

CONTRACTOR:

RG Carter

The project will provide a new 144-bed purpose built dormitory block, providing accommodation for the increase in enlisted personnel resulting from the bed down of the new F-35A squadrons.

The new building will be a four-storey facility located on the existing running track at RAF Lakenheath.

The project will provide the following key spaces such as 144 ensuite bedrooms, additional multi-purpose communal areas, Kitchens, Laundry rooms, Breakout areas, Gaming rooms and lounge, Theatre, Reception, Cleaner's stores, Linen store and Comms rooms.

M&E works will consist of New Air Source Heat Pump heating system, Domestic Hot & Cold Water, Above Ground Drainage, Mechanical Ventilation, Smoke Extract, Sprinkler BMS, External Services, LV distribution, Small Power, Data, Lighting, Security, LPS, Fire Alarm amongst other key services.
