

Dodd Group's Wolverhampton team has been helping Wates Living Space with Community & Conservation Week, supporting Wednesfield In Bloom. Dodd Group supplied and helped to install 4 wooden planters as part of this community initiative. Overall the event was a great success and we have received great feedback from the Wednesfield In Bloom Committee and Volunteers who also posted live Facebook feed's while we were working. Many of the shop keepers could not believe the amount of work that we achieved over the 2 days and all planters will be looked after by the local shopkeepers which once again shows the project will leave a long lasting legacy in the area. Over the 2 days there were visits from Darren Baggs Assistant Director Wolverhampton Homes, Tim Johnson Managing Director City of Wolverhampton Council and all 3 Wednesfield North Councillors plus many of you from the companies who financially supported the event and everybody gave great feedback.
