
PROJECT NAME:

Winchester College, Southern Campus
- Work In Progress

CLIENT:

Winchester College

LOCATION:

Winchester

M&E ORDER VALUE:

£4.6 million

CONTRACTOR:

Kier (Southern)

The redevelopment of the PE Centre to create a state-of-the-art complex will allow all the students to enjoy and participate in a variety of sports whilst simultaneously enabling the most talented and driven boys to train and compete at the highest level. The scheme represents arguably the most ambitious and wide-ranging changes to the school's estate since its foundation in 1382. The build is very traditional but does have a very attractive design which includes an interesting timber roof over the swimming pool with external zinc cladding. (Image: Design Engine Architects)
