
PROJECT NAME:

Phoenix College

CLIENT:

DfE

LOCATION:

Reading

M&E ORDER VALUE:

£1.2 Million

CONTRACTOR:

ISG

The project is the refurbishment of an existing school building and a new build extension. The development will convert the existing Hamilton Centre into a 2 storey SEMH (Social, Emotional and Mental Health) Special School for 96 pupils. Additionally, there will be new car parking, landscaping and multi-use sports areas. The new part of the scheme will be built using sustainable pre-fabricated structures. Reading Borough Council won provisional funding from the Education Skills Funding Agency's Priority Schools Building Programme to build the school.
