

Congratulations to our 2018 Apprentice of the Year Callum Williams on being named QSA Heating Ventilation and Plumbing Apprentice of the Year 2020.

BESA nominated Callum for this award to QSA (the Quality Skills Alliance), a consortium of work based learning providers working together to develop excellence in apprenticeships.

QSA said "Callum demonstrates a high level of aptitude across all areas in the workplace, making a positive impact on both his superiors and his peers. He is organised, dedicated, hardworking, honest, and BESA state they are proud to have him as one of their own". Well done Callum - we are certainly proud of you too!
