

NEW BRISTOL OFFICE KICKS OFF WITH £4M ORDER

Following a record breaking year and in line with its plans for sustainable growth throughout the UK, Dodd Group has opened a new branch to service Bristol area. Privately owned family business Dodd Group now operates from 19 locations throughout the UK with Bristol forming a natural link in its network. Mark Davies, Regional Director commented “The Bristol and Avon region presents an exciting opportunity for us. By investing in an office here we can now service projects in the area from a local base, supported by offices in Exeter and Bridgend. We have been busy recruiting an experienced team and will continue to look for additional engineers as our expansion continues.” The Bristol team is looking forward to starting on site on its inaugural project at the Redcliff Quarter with Galliford Try Construction. This PRS scheme comprises 118 units spread over 2 seven storey blocks and is due to be completed in May 2020 and has an MEP value of £4m.
