
PROJECT NAME:

Tamar Bridge Offices

CLIENT:

Tamar Bridge & Torpoint Ferry Joint Committee

LOCATION:

Torpoint, Plymouth

M&E ORDER VALUE:

£860,000

CONTRACTOR:

McLaughlin and Harvey

CONSULTANT:

SDS

CONTRACT LENGTH:

12 months

The South West Projects team has completed the installation of the new MEP services to the new Tamar Bridge Offices and the refurbishment of the existing offices.

The works comprised: Air Conditioning Ventilation Heating Domestic Hot & Cold Water Services Close Control Server Room Air Conditioning Internal & External lighting Small Power UPS and Back Up Generator Gas Suppression System Fire Alarm Access Control Data CCTV

As the site had restricted space, and had to remain operational 24 hours a day whilst moving services from old to new systems, Dodd Group had to work closely with the client to avoid any disruption.
