

Dodd Group is delighted to be supporting Sandwell Council's fight to reduce knife related crime when the Knife Angel is displayed outside the Council House between 30th September - 31st October.

Matt Lewis, Managing Director of Property Services for Dodd Group, said "*The Knife Angel has become such an iconic symbol, highlighting the negative impacts of violent knife crime. We have donated our engineers' time to illuminate the sculpture using luminaires generously provided by Tamlite lighting to make it visible at night so that we can help to provoke thought and encourage a positive change*"
