

Dodd Group's South West team is delighted to have been appointed by Kier Construction Western and Wales to install the MEP services at a brand new waste and recycling facility at Hallenbeagle in Cornwall.

Due to be completed towards the end of 2025, the project will be delivered by Dodd Group's Redruth branch and once completed the facility will be able to process up to 140,000 tonnes of waste, including food waste and recyclable materials.
